

2023 7/10~7/19

HOLIDAY SCHOOL ONLINE

Introduction to Biomedical Mechanics

**Join Us
this summer!**

Welcome all international students,
especially postgraduates.

Strengthen fundamental knowledge of Biomedical Engineering

Develop the ability of interdisciplinary integration and innovative implementation to analyze the results from different perspectives of engineering and medicine to solve practical medical problems.

- ▶ Theoretical Background
- ▶ Foundation in Engineering
- ▶ Intellisoftware

Date: 2023 July.10th - 19th

Time: 09:00-16:00 (July.19th 8:00-17:00)

 **Registration Deadline:
2023. July 5.**

We will send you the link to
the online courses after
registration.
